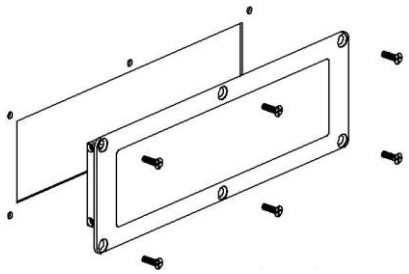
IMSF Series Flush Type LED Lighting

IMSF series flush type LED lighting a kind of industrial lighting with high waterproof、oil-proof、space saving installation and excellent appearance. Especially suitable for lighting occasions with great spatial limitations and high protection requirements.

- Rugged and durable for harsh environments
- LOGO can be customized with laser printing
- Waterproof、 dustproof and oil-resistant with IP67
- Sealing rubber pad for easy using and better sealing
- Input voltage of 24V DC



Specifications

Light Source	Color Temperature	Working Temperature	Protect Level	Product Certification
SMD LED	6000K~6500K	-30℃~50℃	IP67	CE、RoSH
