Tools Needed

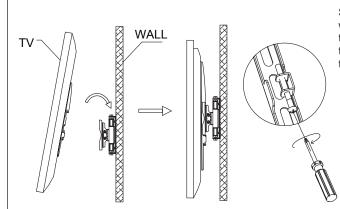

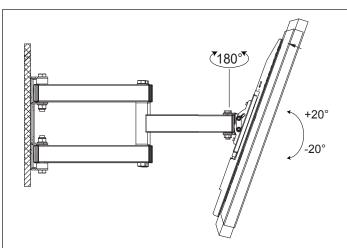

Step-2: Select suitable screws from the screw package according to the size of the holes in the back of TV.Fix the two hanging arms onto the back of TV by screws into the holes.

Step-3: Two people hang the TV with the two monitor brackets on the wall plate, relax the hands until they are caught hold of, then tighten the screws.

Step-4: Adjust the angle of the panel TV between +20 and -20 degree to a suitable position, and screw up the hook screw at last.
