

PATIO HEATERS

WARNING

FOR YOUR SAFETY:

For Outdoor Use Only

Ceiling

Art no. ZHQ1524

Intertek
3098007

Instructions

Technical information

Power Supply: 120V~ 60Hz
Wattage: 1500W Element Type: Halogen
Life of Lamp: Approximate maximum 5000 hours
Ingress Protection Rating: IP24 
Insulation: Class I 
Dimensions: H25.5 X Diam 42CM
H10 X Diam 16.5 INCH

Parts list

1 (1x)

2 (1x)

Read the instructions carefully. Check all parts against the parts list. No assembly required.

This product **MUST NOT** be used if the power cable is damaged. If there is damage, it must be replaced by manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.

For ease of assembly only loosely tighten bolts and then tighten fully when assembly is complete.

Two(2)adults may be required for assembly.

WARNING! - **DO NOT** over tighten bolts; only tighten with moderate pressure to avoid damaging the bolts or components of the heater.

Location of the product

Minimum Required Distances

- 25cm /9.84inch from the side wall
- 50cm/19.69 inch from the ceiling
- Installation height above 180cm/70.87 inch

Care and safe use guidelines

GROUNDING

This product is for use on a nominal 120V circuit with a grounding plug that looks like the plug illustrated below. Make sure that the product is connected to an outlet having the same configuration as the plug. If you use an extension cord, make sure it also has a grounding plug. No adaptor should be used with this product.

OPERATING THE UNIT

WARNING: The heater must be properly installed before it is used.

Plug the Patio Heater into a grounded 120V, 60Hz power outlet.

Only operate the heater when it is in the upright position.

- To operate the heater on low (600W), pull the Switch Cord once. Once the Switch Cord is pulled, the smaller heating element will glow and radiate heat.
- To operate the heater on high (1500W), pull the Switch Cord again. This will cause both the heating elements to glow and radiate heat.
- To off the heater, pull the Switch Cord third time.

Care and safe use guidelines

IMPORTANT! KEEP FOR FUTURE REFERENCE.

Thank you for choosing our indoor/outdoor Electric Heater. This manual will provide you with information necessary for the proper assembly, care and maintenance of your new product. Please take a few moments to thoroughly read the instructions and familiarise yourself with all the operational aspects of your new heater.

When using this electric unit, please follow the safety precautions detailed below. This should reduce the risk of fire, electric shock and injury to persons.

WARNING — CAUTION!

READ ALL INSTRUCTIONS BEFORE ATTEMPTING TO OPERATE THIS UNIT. KEEP THE ASSEMBLY INSTRUCTIONS FOR FUTURE REFERENCE. KEEP THE ORIGINAL PACKAGING FOR USE WHEN STORING THE HEATER DURING EXTENDED PERIODS OF NON-USE.

- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children aged from 3 years and less than 8 years shall only switch on/off the appliance provided that it has been placed or installed in its intended normal operating position and they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children aged from 3 years and less than 8 years shall not plug in, regulate and clean the appliance or perform user maintenance.

- Don't use this unit in place of animal propagating and raising.
- Don't immerse this unit into water for cleaning.
- The unit should be plugged in a socket, which is easily visible and reachable.

Care and safe use guidelines

- One dark point may exist on the surface of the heating elements during the first few minutes after it is turned on. This is normal, and will not affect the performance of the unit.

WARNING

- These appliances must be earthed.
- Before installing or replacing the bulb, the appliance must be always being disconnected from the 120V supply.

MAINTENANCE AND CLEANING

- Unplug the unit and let it cool completely.
- To keep the heater clean, the outer shell may be cleaned with a soft, damp cloth. You may use a mild detergent if necessary. After cleaning, dry the unit with a soft cloth.
- **DO NOT** use alcohol, gasoline, abrasive powders, furniture polish, or rough brushes to clean the heater. This may cause damage or deterioration to the surface of the heater.
- Although this heater is outdoor approved, **DO NOT** immerse the heater in water for your safety.
- Wait until the unit is completely dry before use.

STORAGE

If the heater will not be used for a long period of time, store it in a cool, dry location when not in use. To prevent dust and dirt build-up, use the original packaging to repack the unit.

TROUBLESHOOTING

If the heater will not operate, please check the following before seeking repair of service:

- Check if the power cord is plugged into an electrical outlet, if not plug in.
- Check if electricity to the main fuse is working.
- Make certain the power switches are turned on. If not, choose a setting.
